

Dear Representative Taylor,

Please support these crucial victim services at their current level by appropriating the \$4.18 million requested by the Governor.

- Victim service programs provide essential, quality services to local communities.
- Due to state and federal funding cuts, nine victim service programs have been closed since 2002.
- Governor Culver recognized these crucial programs by including \$4.18 million in the 2009 budget. **Please support these crucial victim services at their current level by appropriating the \$4.18 million requested by the Governor.**
- Without the appropriation as many as nine programs will close, leaving at least 7019 victims of violence without support.
